SAN DIEGO WORK BEGINS APRIL 3

Contract Awarded for Marine Base at Dutch Flats.

All West Coast Flying Fields to be Permanent.

Government Makes Millions in Real Estate.

ROBERT B. ARMSTRONG.

WASHINGTON, March 21.—Work on the great Marine base at Dutch Flats, San Diego, will start April 3. The Dawson Construction Company, which has been doing a lot of work for the navy, has been awarded the contract and the heads of the firm and their engineers and foremen will leave here the last of the month and arrive in San Diego on the above date.

Immediately upon their arrival a force of workmen will be gotten together and active operations started to get this great installation under way as quickly as possible. The contract calls for all the work to be completed in a maximum time of twenty months.

War Department officials today confirmed the decision to make all West Coast flying fields permanent government installations. Rockwell Field is already owned by the United States. Orders were issued to buy the Arcadia balloon site near Los Angeles, March Field at Livermore, and Mather Field at Sacramento.

Camp Kearny and Camp Lewis, owned by the government, will be continued as permanent military camps, and Camp Kearny in time will be one of the largest posts in the country. The War Department decided today to buy a large number of other installations, but not for military reasons.

HAS GOOD INVESTMENT.
By the expenditure of \$5,000,000 the United States can own outright properties, the underground work on which, such as sewers and water service, has cost \$40,000,000.

To restore the lands to their original condition for farm use would require a very large sum, and claims for damages would aggregate over \$10,000,000. The action of the War Department will result in having several large and valuable properties on which substantial profits can be made by resale for residential purposes.

WILL FLY FOR LOAN.
Rockwell Field Cross Victory Island is Announced.

SAN DIEGO, March 21.—According to instructions received today, Rockwell Field's "flying circus" which will tour the principal cities of the West in behalf of the Victory Loan, will leave San Diego on April 10. The North Island detachment will consist of eleven flyers, who will take eleven airplanes, including five Fokkers captured from the Germans.

The "circus" will travel in a special train, giving flights at Los Angeles, Fresno, San Francisco, Sacramento, Reno, Salt Lake City, Boise, Walla Walla, Portland, Seattle, Tacoma, Spokane, Missoula, Butte, Sheridan, Denver, El Paso and Phoenix. If the airman reach Denver on schedule time, they will also fly to Pueblo, Trinidad, Santa Fe and Albuquerque.

Mal Kenneth Marr, one of the original members of the Lafayette Escadrille, will be advance man. Capt. Fred B. Smith, another noted aviator, will be in command.

LEAKING SCHOONER IS TOWED IN BY STEAMER.
SAN FRANCISCO, March 21.—Leaking badly and with half her crew of eight too ill to navigate her, the three-masted schooner Zampa, bound here from Apia, in the South Sea Islands, with cargo of copra, was picked up by the steamer W. S. Rhymen seventy miles west of the Farallon Islands and is expected here tonight, the marine department of the Chamber of Commerce announced. She was taken in off the coast several days after she had left Honolulu.

The Zampa is owned in San Francisco.

WOOD SHIPS TO TAKE GRAIN TO ATLANTIC.
PORTLAND (Or.) March 21.—Wooden ships will be used to carry flour from Portland and other Pacific ports to the Atlantic seaboard, according to word received today from United States Senator McNary in Washington. Senator McNary has been in consultation with Julius Barnes, head of the Food Administration grain corporation on the matter. The Shipping Board and grain corporation have decided this step will be necessary, it is understood, to alleviate congestion due to lack of tonnage available to move flour and grain from the Northwest.

No grain from the Pacific Coast will be moved for some time, however, it was indicated by the Senator.

FARM ADVISERS MEET AT STATE UNIVERSITY.
BERKELEY, March 21.—Farm advisers and their assistants from thirty-seven counties of the State are in conference today at the State University. The annual meeting will last five days and is presided over by Prof. B. H. Crocker, assistant director of agricultural extension of the university.

University Issues "Book Letter."
MORCOW (Idaho) March 14.—A "book letter" is regularly being issued by the University of Idaho. Its purpose is to review the public in brief form a review of current publications of all kinds, fiction, poetry, scientific, and all manner of books are discussed.

WEST IS ISOLATED BY SNOW. SLEET STORM.

SEVERE SANDSTORM DAMAGES HANGARS AND AIRCRAFT AT ALBUQUERQUE.

Existing Wage Scale to Continue Till October.

General Control Vested in Board of Ten on Coast.

ALBUQUERQUE (N. M.) March 21.—One aviation hangar was blown away by the wind, another was totally demolished, and a Curtiss biplane was destroyed by a sandstorm that swept over Albuquerque last night. All wire communication west of Denver has ceased, and transcontinental trains are reported to be behind schedule.

ALLIES SEEK TO END POLE-UKRAINIAN WAR.

ALLIED SUPREME COUNCIL ENJOINS BOTH SIDES TO CEASE HOSTILITIES.

PARIS, March 21.—(Havas.) Carrying out its recent decision to take action for bringing about a cessation of hostilities between the Ukrainians and the Poles, the Allied supreme council has sent a wireless message to Gen. Pelenko of the Polish forces, and another to Gen. Ruzhowsky of the Ukrainian army, enjoining both commanders to cease a suspension of hostilities by the forces in the Lemberg front immediately.

The council stipulates that the troops shall retain their positions as at present, but permit sufficient freedom of passage through the lines for the daily provisioning of Lemberg.

The council sets forth its willingness to hear statements from both sides as to their territorial claims and allow each to be represented in Paris by such qualified persons as they may deem it advisable to choose, with a view to extending the armistice.

The hearing, however, will be entirely conditional upon the immediate cessation of fighting.

MACY AWARD TO STAY IN EFFECT.

Agreement Reached in Shipyard Dispute.

Existing Wage Scale to Continue Till October.

General Control Vested in Board of Ten on Coast.

PORTLAND (Or.) March 21.—The existing wage schedule and working conditions of the Federal Shipbuilding Labor Adjustment Board, also known as the Macy scale, will remain in effect until October 1, next, under an agreement reached between shipyard managers and International Labor Union officers, now in conference at Washington, D. C., according to a telegram received today by Arthur W. Jones, assistant examiner for the Macy board, from Judge McCall, who is in attendance at the conference.

ALLIES SEEK TO END POLE-UKRAINIAN WAR.

WOMEN URGE LABOR OPINIONS AT PARIS.

First Meeting With Peace Conference Committee is Satisfying.

Existing Wage Scale to Continue Till October.

General Control Vested in Board of Ten on Coast.

By Constantine Drezel.

PARIS, March 21.—"It was a splendid meeting," was the verdict of all concerned, following the first hearing of women before the Peace Conference committee.

The first hearing was before the committee for labor questions. The chief points brought out by the women were:

The forty-four-hour week, comprising the eight-hour day and free Saturday afternoon.

No child under the age of 15 to continue both general education and apprenticeship, and from 15 to 18 to receive apprenticeship and training in a trade.

Special safeguards during motherhood for working women, and for both men and women as far as possible.

Stricter regulations for labor at home.

That women shall be called to the international labor commissions on the same footing as men.

That a special commission of women from countries where labor legislation for women is being formed to study and recommend labor legislation for women.

Mrs. Juliette Barrett Rubie and Mrs. J. Borden Harriman, two Americans in Paris who have been acting as delegates to the international labor conference, were the only two Americans present.

The French women included the most widely known and respected feminist of France, who have occupied themselves with women labor questions for years.

These were Mme. Jules Siegfried, president of the French national council of women, and Mme. Marie Verone, a lawyer and general secretary of the French Women's Suffrage Union, which recently was called into the international women's conference and which is now in the process of organizing a women's suffrage alliance.

About thirty members of the labor union and secretaries were present and they all listened attentively throughout the hearing.

ADDITIONAL STEAMERS GO ON PACIFIC LINES.
SOUTH AMERICAN COMPANY ANNOUNCES ADDITION TO FLEET.

SAN FRANCISCO, March 21.—In addition to two steamers to be present of the South American Pacific line, operating between Seattle, San Francisco, San Pedro and Colima, Ecuador, Peru and Chile, the company has announced today that it will add a third steamer to the line.

The steamer is the Regulus, of 7000 tons, and the Rex, 2200 tons. The Regulus is now in the trans-Pacific route, and the Rex has been recently completed in a Stockholm plant.

The company's run are the Baja California, Sinaloa and Governor Forbes. The company carries general merchandise.

HOMAGE TO KAISER IN THIRTY-SEVEN VOLUMES.
DEFENSE BY HINDENBURG OF FORMER EMPEROR'S FLIGHT MAY BRING REPLY.

BERLIN, March 21.—The address of homage to the late Kaiser, in the form of the former Emperor's birthday received 436,912 signatures, it was announced. The address and signatures will be bound in a series of thirty-seven volumes and sent to Amerongen.

In Field Marshal Von Hindenburg's statement explaining and justifying the flight of former Emperor William there was a sharp criticism of Prince Maximilian of Baden, the Chancellor, for publishing the address of homage to the Kaiser without the latter's consent. It is expected that this will evoke a sharp rejoinder from friends of the ex-Chancellor, who are already pointing out that the Emperor left Berlin on October 21, without consulting or notifying a Chancellor, who vainly attempted at the last moment to induce the Emperor to stay in Berlin.

The later unsuccessful effort to return to the capital in order that he might form his own judgment of the extent of the revolution and the advisability of abdicating.

"Prince Maximilian had long been convinced of the inevitability of the abdication of the Emperor and the renunciation of the throne by the Crown Prince," said the statement. "It was hoped by this means to save Germany from a complete debacle and revolution. The Emperor went to great headquarters to ask such advice and to seek a more congenial atmosphere. He failed with the thought of abdication in these surroundings until too late to save the throne for a possible successor."

SHIPYARD CONDITIONS SATISFY TRADE UNION.
TACOMA (Wash.) March 21.—Conditions in the shipyards were reported good as far as the unions are concerned, by Secretary C. B. Barrett of the Metal Trades Council at the regular council meeting last night. He said that 6000 of the 8000 men who went on strike the largest yard in the city have been returned to their places, while the proportion holds true for the smaller yards.

The Metal Trades Council voted to distribute ballots for a referendum on strike of the unions at once with instructions that the total votes must be in by March 25.

The council turned down a proposition for the Emergency Fleet Corporation to appoint a board of five to settle shipyard wages, hours, working conditions and other matters, saying that the wages, hours, working conditions and other matters will be settled by the union.

55c Per Month
DELIVERED TO SUBSCRIBERS

BAKER ACCUSED OF AIDING REDS.

(Continued from First Page.)

port of Maj. Dick B. Foster's Kansas City address.

After listening patiently while the first 200 words of the dispatch were read to him, Secretary Baker stopped the reading in the middle of a sentence, brushed aside the report and insisted that he had "no interest whatever in the utterance of the ex-army officer."

"I have nothing to say about it," he said, "and I am not interested."

HAS BUSY DAY.
The Secretary and Gen. March, Chief of Staff of the Army, were rushed from the Union Station through double files of troops to Port Bliss this afternoon, where they witnessed a review of all mounted troops in the El Paso border district.

The review was held at the fort reservation, held a reception for officers at the Knights of Columbus hall, where they were met by the Mexican Military Band, and attended a dinner tonight in their hotel.

It was one of the most strenuous eight-hour days he had experienced since returning to the city. He finished his visit by delivering a speech on the League of Nations at the El Paso Chamber of Commerce.

Secretary Baker's trip to the El Paso border district was the first of a series of trips he will make to the border, as that depends upon the many organization plans, which, in turn, are being prepared by the War Department.

DECLINES COMMENT.
Secretary Baker declined to comment upon reports that the arms and munition embargo on shipments to Mexico had been lifted.

He said that the embargo was not lifted, and that the arms and munition embargo on shipments to Mexico had been lifted.

He said that the embargo was not lifted, and that the arms and munition embargo on shipments to Mexico had been lifted.

POLICE THINK CRIME FOLLOWS SUGGESTION.

HUSBAND OF VICTIM SAYS HE "WANTS TO HELP THAT LITTLE GIRL."

(Continued from First Page.)

SEATTLE, March 21.—Police today held in custody "D. M. Storrs," 28, automobile mechanic, for whose love pretty Ruth Garrison, 19, told authorities she "put poison in a fruit cocktail that resulted in the death of Mrs. Storrs, her luncheon guest, here Tuesday.

No charge has been placed against Storrs. He arrived here yesterday. Last night, while police searched for him, he gave himself up at headquarters.

Storrs denied, police announced, that he knew Miss Garrison intended taking his wife's life. He said he did not even know the two involved in the case.

Storrs said Miss Garrison visited him at Okanogan, Wash., where he worked, but he insisted that he did not ask her to come.

Once Storrs asked if he could see Miss Garrison, who is held in the City Jail. When the request was denied he did not press the matter.

Ever since Miss Garrison's arrest, her one question has been, "Will he let me see her?"

"I want to help that little girl out of this," Storrs told the police.

Storrs said he was a mechanic and the tale Miss Garrison related regarding the relations of the three principals in the "triangle" case.

Miss Garrison has been charged with first-degree murder. She was arrested on March 10, after a long search for her.

SEAMEN'S UNION HALTS GERMAN FOOD SUPPLY.

REFUSE TO PARTICIPATE IN DELIVERY OF VESSELS TO ENEMY PORTS.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, March 21.—The Hamburg seamen's union, after a dispute with the shipowners and the German government, has agreed that all the crews of German ships transporting foodstuffs to Germany should be recruited from the union, provided that the transport union should be the other half of a general union of seamen in Germany.

HAMBURG, March 21.—At a mass meeting of seamen held today the following resolution was passed: "The seamen of Germany refuse to participate in the transport of foodstuffs to Germany, unless the transport union should be the other half of a general union of seamen in Germany."

BERLIN, March 21.—(Via Associated Press.) The German seamen's union, which has been in a dispute with the shipowners and the German government, has agreed that all the crews of German ships transporting foodstuffs to Germany should be recruited from the union, provided that the transport union should be the other half of a general union of seamen in Germany.

INQUIRY IN CANADIAN RHYL RIOTS STARTED.

OFFICER SAYS BULLETS USED WHERE SOUVENIRS; NO AMMUNITION ISSUED.

(BY CABLE AND ASSOCIATED PRESS.)
LIVERPOOL, March 21.—High lights brought out today in the inquiry into the Kinnel Park camp riots March 4 at the coroner's inquest at Rhyl were that the defending soldiers had used ammunition brought over with them as souvenirs from France and that one body of men while attacking the rioters momentarily had got out of control. Rhyl had been in the hands of loyal soldiers but no ammunition, and they were expressly told not to use it.

Their officer, Lieut. Gauthier, a French Canadian, was, however, brought out from them and was being fired at from twenty yards range by a rioter. According to his evidence he had been refused to go to a tree and during this time his men fired at the rioters. This account was given by the coroner.

Another witness, Company Sergeant-Major George Copley, stated that he was engaged at the time the rioters came out in unloading seven wagons filled with beer and whisky to the value of \$15,000, but that the rioters were unaware of it. After the rioters had been on unloading the liquor.

The inquiry was adjourned until next Thursday, the coroner saying he had need on a date thus far ahead to be immediately reduced. Government and the British Home Office, Thursday he said he would be able to tell the jury the result of the negotiations, he said.

ENGLAND'S PRIORITY ON CABLES IS TO STOP. BRITISH PRESS BUREAU AND CENSORSHIP ALSO TO CEASE IN MONTH.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, March 21.—Cable agencies say with extreme pleasure that rights of government department to the use of cables for the purpose of the war are to be immediately reduced. Government and non-government messages will be sent at alternate half hours.

The Daily Mail declares that some folk want the bureau kept alive to be immediately reduced. Government and non-government messages will be sent at alternate half hours.

SENATOR-ELECT ASKS CHANGES IN LEAGUE. MEDIED MCDONNICK SAYS NATION SHOULD ASSUME ONLY WAR OBLIGATIONS.

(BY A. P. MONT WIRE.)

SCIENCE, FAITH WON, SAYS FOCH.

Marshal Talks on Anniversary of Last Hun Drive.

(BY CABLE AND ASSOCIATED PRESS.)
PARIS, March 21.—Marshal Foch was reminded today that March 21 was the anniversary of the beginning of the great German offensive toward Amiens. He was asked by Jules Sauerwein of the Matin to explain by what methods the Marshal had turned the offensive into a German defeat. The Allied generalissimo replied:

"You tell me that I gave victory to France. It was my admirable soldiers who gave it. I have but one merit, that of never despairing."

The Matin also quotes Marshal Foch as declaring:

"The Rhine is our only good line of defense. I do not demand annihilation but if we do not secure that military frontier we will have fought in vain."

In discussing the last days of the war, the Marshal said:

"We signed the armistice, in spite of German armies, to avoid killing more men and because I gave us everything necessary to a French victory."

A YEAR AGO, AND NOW. WASHINGTON, March 21.—One year ago today the German army, under the command of Hindenburg, was on the British lines in Picardy, bent on winning an overwhelming victory and the German army should reach the front in force.

Today, Germany no longer exists as a military power. The American machine has collapsed and the Americans are sought to avoid standing aside the Rhine, should stand shoulder with the British and French and with all of Germany absolutely at their disposal.

When the cables on March 21, 1918, brought the news of the first German attack, the American machine was equipped to bring victory in 1919. Within less than nine months the German army had broken the very hinges of the whole enemy front with the capture of Sedan, while decided victories had been won by the British and French.

It was then that to save themselves from the ignominy of having their army captured, the German leaders forced the flight of the Emperor and surrendered as a nation.

WEATHER BUREAU AIDS COMPETING AVIATORS. BRITISH WARSHIPS WILL ALSO HELP IN FLIGHT ACROSS ATLANTIC OCEAN.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, March 21.—All the resources of the British air force's weather bureau will be at the disposal of the aviators competing in the trans-Atlantic flight, according to a statement made to the Matin today by Maj. Gendie, chief of the bureau. A twenty-four hours forecast by the weather bureau will be attempted, being based on reports from experts at St. Johns, N. F., and other stations in the Atlantic.

TAX RATE HERE CLASSED LOW.

Los Angeles Eleventh in Big Cities, Auditor Says.

Annual Report Gives Resume of Year's Business.

Cash Balance of Over Four Millions is Shown.

That citizens of Los Angeles enjoy a low tax rate, as compared with the other cities of the United States having a population of 100,000 or more, is declared in the annual report of City Auditor Myers, just issued. It is set forth that Los Angeles is eleventh in the list of large cities of the United States as to tax rate.

The report shows that the gross receipts for the fiscal year, together with the balance carried forward from the previous year, amounts to \$20,499,736.46. The total expenditures, including July adjustments, amounted to \$16,135,704.10, leaving a net cash balance as of June 30, after certain July adjustments, amounting to \$4,364,032.36.

The water department showed total operating revenues of \$2,318,698.76, and total operating expenses of \$2,318,698.76, leaving an excess of operating revenues over operating expenses of \$0.

The consolidated general balance sheet shows a grand total of the city's assets as \$18,165,746.84. On the other side of the ledger, the liabilities and reserves amount to \$14,701,714.51, leaving a surplus of \$3,464,032.33.

Of the assets there is cash to the amount of \$4,364,032.36, and operating expenses of \$2,318,698.76, leaving an excess of operating revenues over operating expenses of \$0.

WOULD DROP CASE.

Delta Land and Water Company Officials Confer with Prosecutor.

Whether or not a three-day conference between United States Dis-

Attorney O'Connor, Walter I. Moody, president of the Delta Land and Water Company; George A. Brown, president of the Delta Land and Water Company; and their attorney, H. C. Conner, all of Salt Lake City, will result in a decision by the court. It is understood that the pending criminal action against Moody, Moody and others being dropped, is an important factor in the case. The proposition does not appear very probable to United States Attorney General Cummings. The officers of the Delta Land and Water Company, on the charge of using the mails for the purpose of defrauding the individuals listed below, are set for June 3.

The individuals indicted include Walter I. Moody, George A. Brown, H. C. Conner, J. E. Frost, Charles E. Arnold, Arthur F. Moran, Hart Adson and Gertruda P. Adson. The indictment charges, with the exception of Mr. Arnold, who

REPORT DENIED.

Japanese Farmers' Secretary Says
No Deal on to Buy Land.

(BY A. P. NIGHT WIRE).

BRAVLEY, March 21.—M. Kawas, secretary of the Japanese Farmers' Association of Imperial Valley, today issued a signed statement denying that negotiations were being conducted for the purchase by a Japanese shipping syndicate of 500,000 acres of land in Lower California.

He said that the syndicate about 70 years ago had entered into an agreement with the Japanese government. But that agreement had been broken off. The concern, he stated, never has been able to get the Japanese government to honor the agreement. Japan, he said, refuses to give passports to Mexican, so it is impossible for the syndicate to establish a Japanese colony in Lower California.

Reports that such negotiations are in progress have been widely circulated in Imperial Valley, Seneca James said. He said that he had been asked to establish a syndicate but he has refused to make a statement that effect.

MEXICAN SLAIN.

Natividad Caldera, a Mexican laborer of Compton, was instantly killed early last night when Lallando Caldera, his brother, fired a shot at him. The shooting followed an argument over the situation both were paying to a Mexican laborer.

OIL PROMOTERS ARE BUSY. NEW YORK STOCK MARKET.

BY CHAPIN HALL.

Texas has gone oil crazy. Every other person in the State expects to become rich overnight. The fever is spreading, and promoters in Southern California are busy. Some instances have come to my attention of investments made by individuals who can poorly afford to lose their savings. In at least two cases these savings had been intended to buy Victory Loan notes. The average man on the street knows nothing about the oil game. As a matter of fact, the average man in the oil business knows very little about it, at least as its original development is concerned. The chances of making any money in a wild-cat field, so far as the casual investor is concerned, are considerably less than one in a thousand, and that constitutes pretty big odds. The oil or gas Texas was negotiated in this city for property that is said to be 300 miles from the nearest production well. The location is being brought in a successful well is a long, hazardous and very expensive undertaking and not of the kind that can be accomplished by the haphazard hurrying of cheap stock, a few taps of the drill, and then giving up. If one is impelled to invest in oil, there are plenty of good working companies which are going in proven fields and already have a production. The actual returns may not be so spectacular as the promised riches, but they are sure.

I was in a store the other day during an altercation between the proprietor and one of his clerks. The clerk had apparently made a mistake and was being publicly disciplined by his boss, who finally shouted, "Get out, you bonehead; you're fired." The customer was disgusted; sympathy went naturally to the discharged employee, whether it was deserved or not, and a spirit of antagonism against the institution was set up. It is this sort of an attitude which is responsible for a good deal of the friction between employer and employee. There is a right way and a wrong way to discharge a clerk. Another store has what is called a grievance committee. No one in that establishment can be discharged outright, not even the management, except for established dishonesty. A clerk's services are no longer desired, the fact is made known to the employment manager. Thereafter, he, in turn, hands the slip to the committee, equally divided between store officials and clerks. After investigation, the clerk is found unfit for the job, he is quietly let out, the reasons are promulgated and a higher degree of efficiency is established.

Secretary Glass declares the stock jobbing Liberty Bonds is a "menace" which may seriously interfere with placing the new government securities. If the stock promoters are left without any restraint or restriction, this will be pretty well under control in Los Angeles now, and a majority of those who had themselves forced to dispose of their government securities are taking them.

(BY A. P. NIGHT WIRE)

NEW YORK, March 22.—One day's total. There was a widespread feeling that the outcome of the Washington conference would go far to restore confidence in the new price schedule bears pertinently on many lines of industry. In the excitement caused by heavy trading in the New York Railway Company and the New York Telephone Company and transactions again weakened.

In the main, final prices approximated the maximum quotations. Sales, 1,200,000 shares. Foreign bonds were fractionally lower and Liberty 4 1/2's made a new minimum at \$2.68. Total sales, par value, \$12,160,000. The United States bonds unchanged on call.

The demand for United States Steel was on a scale unequalled since its boom, one commission house alone having buying orders for 100,000 shares. At an extreme advance to 4 1/2's, the steel stock contributed about 40 per cent. of the day's total.

Other speculative favorites joined the boom, one commission house being the largest buyer when they responded to the general buoyancy.

ESCAPES, ROBS. RUNS INTO NET.

After Bold Runaway Thief Burglarizes Home.

Lightning Change of Clothes Aids Him Nothing.

Loaded with Loot He Walks Into Officer's Arms.

While a dozen officers were searching for him, following his escape from the Saviello Police Station yesterday afternoon, George Albert Nash, 28 years of age, burst open the rear door of the residence of A. B. Saviello, 115 South First street, Saviello, made a complete change of clothing, ransacked the house, and then walked out of the front door into the arms of Police Sergeant Albert McClain, who was passing the house.

RAIN'S FLOOD HOLDS AUTOISTS.

Two Hundred Delayed Hour Near Whittier—Figures for Season.

Heavy rain, accompanied by hail, late yesterday afternoon held up about 200 automobiles for an hour on the State Highway about a mile west of Whittier, the flood spreading over the road so as to make it impassable. Rain also was reported at Ontario and Riverside.

SHIPPING.

LOS ANGELES HARBOR.

Arrived—Friday, March 21. Steamer South Coast, from San Francisco. Steamer South Coast, from San Francisco. Steamer South Coast, from San Francisco.

MONTREAL BROKERS WILL USE WIRELESS.

(By A. P. Night Wire.)

Wireless telephones are being installed in the offices of the Montreal board of trade. It was said the telephones will enable brokers to talk with Kingston, Ottawa, Three Rivers and Quebec.

GREAT RUSSIAN CANAL PROJECT.

What is described as the greatest development project since the construction of the Panama Canal is reported under consideration by London and New York capitalists for the Black and Caspian seas by connecting the Volga and Don rivers at their nearest points, with a canal apparently not discouraged by the investors from preparing preliminary plans for their enterprise to facilitate the distribution of the coal and iron in which Southern Russia is rich.

Where Whiskers were Unlucky.

In the midst of Nebraska snowdrifts last week a Burlington train got stalled so that the wheels would not move forward or back. There it stood for six hours while the conductor walked four miles to the nearest station and got a section crew to dig the train out.

Aboard that train fledged a hungry farmer with Populist brown whiskers. He collected the indignities of everybody in the coach as to when the train was going to move on; and still he fledged.

"Are we going?" blurted the conductor. "You raise the window and put your head out. If the sash is on your whiskers, we're going; if not, the wheels of this train are probably frozen to the track."

"At last the conductor returned. 'See here,' signalled the farmer as the conductor hurried through the aisle. 'Are we going?'"

The car roared with laughter as the disgruntled whiskers retreated into the adjoining coach.—(Kansas City Star.)

WOMAN ARRESTED ON BOGUS CHECK CHARGE.

MANY MERCHANTS SAID TO BE VICTIMS OF ALLEGED SWINDLER.

Alleged to have posed as a relative to many wealthy Angelenos in order to cash forged checks, Minnie D. McLean, 50 years old, was brought here yesterday from San Francisco, where she was arrested. It is alleged that she cashed forged checks aggregating \$700 on local merchants, using the names of A. I. Blanchard, Mrs. May Wiley of 418 Finley avenue, and many other prominent persons.

ONLY NINETY MILLION GALLONS LIQUOR LEFT.

APPROACHING DAYS OF DRYNESS MAY BRING BIG BUYING MOVEMENT.

(By A. P. Correspondence.) WASHINGTON, March 21.—National prohibition next July 1 will find only about 90,000,000 gallons of liquor in bonded warehouses, and that between 6,000,000 and 7,000,000 gallons will be left in the country.

DAY OF TRAPPERS IS RAPIDLY PASSING.

It is a far call from the rugged trappers of the Southwest to the richly-furred and richly-garbed fur wearers. And there is a vast stretch between the price the skins as the trapper brings to town and the finished fur worn by women. In fact, trapping in this part of the country has long since become unprofitable.

UNIFORM AIDS FORGER.

Man Arrested in Lieutenant's Garb for Passing Checks.

Alleged to have worn the uniform of a lieutenant in the army in order to cash forged checks, Arthur C. Baker, alias Arthur Parkman, and Marshal Lockwood, was arrested yesterday by Detective Jones and Officer Lucas on a charge of forgery. The arrest was made at the Vernon Country Club, it was said.

TRAPERS OR BRECHES.

The question of pants is brought up again, forcibly and pertinently, in a magazine article by Irvin Cobb. He rises to remark that several million young men have been wearing knee breeches for some time now.

FOR DOUBLE FUNERAL.

Same Service for Woman Killed by Husband and Self-slain Man.

A double funeral service for Mrs. Cora L. Nelson, 49 years old, who was shot by her husband following a quarrel late on Thursday night, and Oliver Nelson, aged 35 years, who committed suicide by going to the dual tragedy at Zafra, a station near Long Beach. The woman died yesterday of the wound in the head made by her husband. Jealousy is said to have caused the shooting.
